Skills

JavaScript, React, TypeScript, Redux, Web Components, Jest, Node, CSS, SASS, HTML, MongoDB, NoSQL, Nest, NX, Netlify, CI/CD, Docker, Git, GitHub, Jenkins, Jira, Wordpress, PHP, Java, Vue, Nextjs, Figma, Adobe XD, Photoshop, AWS, Headless UI, Reddis, Firebase, React Native, Dynamo, S3, AWS, Python, SQL

Experience

Capital One (Remote) | Plano, TX December 2024 – Current
Full Stack Developer | December 2024

- Build new end-to-end features with **Typescript**, **Python**, **SQL**, and **AWS** Services.
- Handled codebase migration from **Node** v18 to **Node** v22.
- Took part in system design and planning discussions on the best path to implement product owner's desired features.
- Built out and deployed new **DynamoDB** Tables to assist in the effort to migrate to a microservice architecture.

TechStack: React, Redux, Jest, Typescript, AWS, SQL, Python, SQLAlchemy, DynamoDB

DoorCast (Remote) | Dallas, TX August 2023 – October 2024
Full Stack Developer | August 2023

- Setup **Bitbucket CI/CD** pipeline to run tests, check formatting and linting, as well as automate deployments to **Firebase**
- Refactored codebases for both mobile and web applications, enhancing maintainability, reusability, reducing the likelihood of bugs, and improving speed.
- Maintained, fixed bugs, and developed new features for a **React Native** mobile application, resulting in improved user experience and app performance
- Created and integrated new backend endpoints using **Node.js** and **Firebase**, supporting new features and improving overall application functionality.

TechStack: React, Redux, Jest, Cypress, Tailwind, Jira, Nest, MongoDB, NX, Node, React Native

American Express (Remote) | Dallas, TX July 2022 – July 2023
Engineer II | July 2022

- Integrated with new **API** for UK anti-money laundering regulations
- Resolved over 50+ **WCAG** accessibility defects
- Deployed **React** modules to test environments through **Jenkins (CI/CD)**
- Implemented major **COTS/FOSS** upgrades
- Helped lower level engineers debug issues and solve problems

TechStack: React, Redux, Jest, SCSS, Git, Jira, Jenkins

JP Morgan Chase & Co (Remote) | Dallas, TX July 2021 – July 2022
Software Engineer | July 2021

- Create new **Web Components** and enhancements for existing design systems
- Presented and demoed changes in meetings with 60+ attendants
- Added **React** wrappers to existing design systems
- Mentor new developers and enable them to solve problems when stuck
- Developed **Node** codemod to help teams convert to new design system
- Implemented design changes to components & resolved bugs/defects
- Used **Figma** for designs

Honey CRM (Remote) | Plano, TX December 2020 – July 2021
Front End Developer | December, 2020

- Add additional features and fix bugs to an app built with **Vue**
- Setup **google analytics** dashboard to track sales funnel conversion percentages
- Rebuilt company website with **React** & **Gatsby.js**
- Integrated with **Stripe's** web **API** to process customer payments

TechStack: Vue, CSS, React, Gatsby, Google Analytics

Lead Developer | January, 2020

- Build template sites for junior devs to use when rebranding landing pages for clients
- Review junior developers' work and provide feedback to improve

Front End Developer | December, 2018

- Built 30+ responsive websites based on **Adobe XD** or **PSD** mockup from designers.
- Rebuilt company website using **React & Gatsby.js**

TechStack: HTML, CSS, JavaScript, Wordpress, PHP, React, Gatsby, Photoshop, Adobe XD

Projects

Get Page Images

A Chrome extension that crawls the HTML and CSS in a specified tab, extracts all images, and displays them in a new tab for easy one click downloads.

Aircraft Comparison Tool

A tool developer for a private jet rental company that allows their clients to easily compare jets, similar to Apple's Iphone comparison tool.

Lock In

A productivity related Chrome extension that allows users to enter website root URLs and have access to them blocked while the extensions timer is running.

AI Receptionist / Appt. Setter

An AI Receptionist that is able to talk to clients, gather their name and email address, and book an appointment in a user's google calendar.
